

AMTE-400 Dual Axis Assembly Table

Designed for panel builders, the AMTE-400 provides ergonomic positioning for assembling, wiring, inspecting and servicing electrical control panels and enclosures. Electric height and tilt adjustment improves component access, reduces operator fatigue and supports more efficient panel-building workflows.

Features:

- Electrically adjustable height and tilt
- Ergonomic panel positioning
- Mobile, lockable caster base
- Expandable work surface
- Clamping system for backplates, enclosures and doors
- Proudly made in Canada

Product Specifications (Order by Part No.)

Part No.		505.340
	Model:	AMTE-400
Operation	Height adjustment:	80-109cm (31.5 - 43")
	Working height:	Variable: 813-1168mm (32-46")
	Adjustable angle of tilt:	0 - 70°
Size	Retracted Base Unit Surface Area (W X H):	1118 × 1270mm (44 x 50")
	Extended Base Unit Surface Area (W X H):	1118 × 1981mm (44 x 78")
	Maximum Surface Area With Retracted Side Extensions (W X H):	1664 × 1270 mm (65.5 x 50")
	Maximum Surface Area With Extended Side Extension (W X H):	1892 × 1981 mm (74.5 x 78")
	Space required (footprint):	1,041x1,524mm (41 x 60")
Weight	Unit Weight:	195kg (430lb)
	Maximum load-bearing capacity:	408kg (900lb)
	Shipping Weight:	291kg *(640lb)
Power	Power requirements:	120 VAC 60Hz / 230 VAC 50Hz
	Battery operation:	Optional (505.340-002)
Others	Components included:	2x locking caster wheels 2x non-locking caster wheels 4 x standard clamping unit 1x AC Actuator 1x Controller keypad 1x shipping pallet and packaging

Information subject to change without notice

Electrically adjustable height and tilt

70° tilt for ergonomic position

Flat working position
for horizontal assembly
